CommonWell & the Trusted Exchange Framework and Common Agreement™ (TEFCA™)

CommonWell Health Alliance is your trusted ally in achieving compliance and operational excellence under TEFCA. With proven expertise, scalable solutions, and a vibrant member community, we enable seamless data exchange across the healthcare continuum.

Scale

Enabling access to a nationwide network of health data.

Trust

A proven record of secure and reliable health information exchange.

Community

Collaboration with a robust network of healthcare leaders and innovators.

What is TEFCA?

TEFCA establishes a nationwide framework for secure and efficient health information exchange. It simplifies interoperability between organizations, ensures consistent data standards, enhances patient access to health information, and supports providers with seamless data sharing.

How CommonWell Can Help

We offer expert guidance to navigate TEFCA's requirements, seamless integration with a nationwide network, and comprehensive resources tailored to your needs.

TEFCA™-Ready Checklist

Prepare your organization for TEFCA by following these critical steps:

1 **Evaluate Your Readiness**
Conduct a comprehensive review of your systems and processes to ensure they meet TEFCA standards and policies.

2 **Choose a QHIN™ Partner**
Partner with CommonWell to leverage a trusted Qualified Health Information Network™ and access a nationwide data exchange network.

3 **Optimize & Integrate Systems**
Ensure your EHR and health IT systems are interoperable, efficient, and fully TEFCA-compliant.

4 **Educate & Train**
Equip your staff with the knowledge and tools needed to adapt to new workflows and maintain compliance.

5 **Engage & Test**
Participate in production testing and use CommonWell's robust resources to ensure your organization is operationally ready and aligned with ongoing updates.

Join us today! Be part of the future of healthcare interoperability. Contact us to start your TEFCA journey and achieve #InteropDoneRight.
